

OW MINI LCR 3.0 SE

By popular demand, we have designed a new upscale version of one of the most popular speakers in our history, the OnWall Mini LCR 3.0. The new "Special Edition" version is called the OnWall Mini LCR 3.0 SE, and it features the same basic form, only with unparalleled performance for this genre of speaker. Unlike most 3-in-one LCRs, the SE uses high-performance drivers for great imaging, bass, and output. Behind the handsome AcoustiPerf grill, there are three separate audiophile speaker systems, integrated into one clean package.

This speaker may be used without a subwoofer, but when used with a sub, it can be part of a very serious home theater system. Not only can this fine speaker be ordered in any color you choose, It can be custom sized up to 82" (at a modest upcharge) to perfectly match your flat-screen television. When only the best will do, choose the OnWall Mini LCR 3.0 SE.

Category: Soundbars
Tag: OnWall

Features

- Compact Design.
- Custom lengths available.
- Triad AcoustiPerf metal grill.
- Easy-Mount Installation.

Enclosure

- Fully engineered, Premium MDF enclosure.
- Acoustic Suspension.
- 2-way design.

Finishes

Triad's Basic, Real Wood Veneer & Custom Finishes are available for this product. The standard finish for this product is Black paint. For any other colors, please refer to Triad's Custom Match Finish program for this product. The paint we use is a top quality enamel and is applied with a light pebble finish. The veneer finishes are made from real wood and coated with an enamel clear coat.

Since all computer monitors and their colors vary, the digital color you see here will be different from the actual product finish.
